I didn't read this post fully yesterday, I assumed it was the usual hyperbole. It's now been removed, because actually it was a straight up incitement to VAW.

Anyone still sitting on the fence about the direction of aggression here, wake the fuck up.

[archive.is/KC1qP](https://archive.is/KC1qP)

It does start with the usual hyperbole...TERFs are Nazis, TERFs are 'stomach-churning,' TERFs spread 'venom'... TERFs are like anti-semites, the very existence of space which exists to serve the needs of female victims of VAWG is a threat to all trans women...

It then goes on to make the absurd claim that the purpose of VRR is to brainwash vulnerable women into becoming members of the evil Terven horde.

Because, of course, the purpose of a Rape Crisis Centre being female-only must be ALL ABOUT YOU.

The reason for this claim is revealed in the next sentence. It is to position VRR as a clear and present danger to trans women and hence to justify the catalogue of intimidation that it about to follow...

2. Infiltrate the collective with women who are hostile to VRR's values and take it over. A beautiful bloodless coup. Because coups are so great and democratic and always end so well.

A gradual strategy that may succeed is infiltration and replacement. VI works as a collective and accepts volunteers from all over. Replacements have been attempted before, but unsuccessfully. VRR have illegally banned trans women from aiding women as far back as 1995. Kimberly Nixon brave fought to make the organization more inclusive but they bitterly clung to their provincial views all the way to Canada's Supreme Court that unjustly validated their phobia.

However, while VRR actively bars trans women, it will welcome cis women. Cis women allies can therefore step up and help change the group internally. VRR's collective is by some reports only 27 members strong. If allies were to trickle in, they could wield democratic control of the organization and could right the wrongs of the current leadership. This would be an amazing bloodless coup.

3. Sue VRR because thinking female people exist and have a right to their own space is a violation of trans women's human rights. (There is no rights conflict here and anyone who says there is is an evil bigot mind)

many different fronts (proving the link between TERF's and white supremacists). Whatcott used fliers; VRR posts to social media, podcasts, and other locations. Since you cannot deny that trans women are women, VRR's denial violates the "dignity, feelings and self-respect" of every single trans woman they deny access to, both in services and as volunteers.

In theory, this means that trans women could go in to volunteer and to use the VRR. They could record the exchange with the VRR leaders where they will be — predictably — told they aren't "real women" and therefore not allowed at VRR. Then, they can sue both the VRR and those individuals for violating their human rights just as Whatcott violated Oger's. The legal precedent would give the tribunal a strong reason to rule against VRR en masse. With enough lawsuits, you could seize ownership of the facilities and throw the current collective out on their ears.

And now we get to the really scary stuff.

#### 4. DIRECT ACTION TARGETED AT THE LEADERS OF VRR

At which point several of them are named, their photographs are posted, and it's asserted that more information needs to be found on them.

Finally, there's direct action targeted at the VRR. We need more information. There are 27 people at VRR, 27 being the leaders who push transphobia. 27 bear the responsibility for discrimination. We need to know the names of the spokeswomen, Hilla Kerner. Karla Gj. We need to reveal their faces. Revealing their names, faces, and other information. We need to appropriately engage with them.

This info would allow 'activists to appropriately engage with them.'

It is to threaten the safety and dignity of these women because, by prioritising female people, they ARE NO LONGER HUMAN.

History shows that when singled out, more hateful ideas and begin to reform. And if expel them from their community. Nazis existence or steady employment. They have fascism and have therefore declared their community of Vancouver, Canada, and be and dignity of others and therefore deserve choose to be human once more.

At this point it becomes absolutely evident that this is a call for direct violence against the women of VRR.

But don't worry if you're not quite heroic enough to actually try and punch a woman!

The usual caveats to people. Attacking people do anything you can heroic woman who Bindle. Do what you

This is the 'heroic woman' who tried to attack Julie Bindel.

They then list VRRs address and SM details. There's a desultory caveat about not actually vandalising the premises, b/c last time the evil witches made people feel sorry for them.

But be assured, the subhuman TERF vermin must be annihilated. Because they're the fascists here.

We need to find a way to take over that space and destroy the resources themselves. That eliminates those locations could have. VRR, for all its faults, is the oldest of its kind in Canada. That makes it all the more a legacy of discrimination over positive activism.

The women of Vancouver will not be safe until wiped out from their midst. Once VRR has been an intersectional feminist women's shelter, that city

But this is pure unconcealed narcissistic male violence being unleashed on vulnerable women and the women who spend their lives trying to help them and the left enabling this and demonising us for pointing out the ABSOLUTE FUCKING OBVIOUS is an UTTER DISGRACE.

Female people exist. We have our own needs. We are allowed our own spaces. Especially where we go to recover from male violence.

And you WILL NEVER EVER CONVINCE US YOU ARE WOMEN BY TRYING TO BATTER THE DOOR DOWN.

AND WE WILL NEVER BACK DOWN.

NO.

MEANS.

NO.

This person does not represent all trans people. But the current form of the trans rights movement is driven by this type of narcissistic entitlement and absolute refusal of anyone else's needs.

And I am not going to second guess myself ever again.
