Dear morally righteous people who identify as progressive.

There is a man, currently in the White House, who is about as pure an emanation of everything that is wrong with this culture as you can get. In both the UK and the US we are currently being nominally 'governed' by

a bunch of what I can only describe as sociopathic lizard people (no David, I don't mean like *that*).

An absolutely core part of how they are exercising contemptuous authoritarian power, and tearing up the basic civic contract, is by denying and twisting reality.

Even when it is right in front of our eyes.

The crowd at the inauguration was bigger than the one for Obama, even though the photographs clearly show it wasn't.

A man is murdered on camera by another man who knelt on his neck, and yet he wasn't murdered.

A man who supposedly drafted the lockdown rules breaks the lockdown rules and the police say he did although he didn't.

A man is pushed by police and left lying in the street but he slipped.

Priests are gassed in front of a church but there was no gas.

And under these conditions, where we are being repeatedly lied to and laughed at by people who are so blatantly serving their own interests and denying reality to do so, you decide that trying to enforce reality denial on us all is the way to go.

sophisticated to assert that reality is only what power says it is, and deny that there might be any other 'reality' we could refer to in order to dispute that.

Seriously, what the actual hell do you think you are doing?
